

## **Reserve at Victoria Fertilization Notice COMMUNITY NOTICE**

### **Landscape Treatment Scheduled**

**Please be advised that the week of March 16, insecticide, fertilizer, and pre-emergent herbicides will be applied to the lawn and landscaped areas around your homes and common areas to maintain healthy turf and help prevent weeds and pest activity.**

#### **Important Safety Information:**

- **Please avoid treated grass and landscaped areas until they are fully dry.**
- **Keep children and pets off treated areas during this time.**
- **Temporary signage may be placed in areas where applications have occurred.**
- **These treatments are applied according to recommended safety guidelines**

**These routine treatments help maintain the appearance and health of our community landscaping.**

**Have a great weekend!**
